BCL Teams

Incorporated in 2019, BCL Teams is a resource that offers speaking engagements and consulting services for business owners. Our mission is to inspire you to live a healthy lifestyle which leads to personal and professional success. As a team, we are a grassroots community of entrepreneurs that support the growth and success of each other's businesses.

Our background incorporates knowledge and experience gained from Corporate Fitness Works, a

woman-owned business that was co-founded and run by our principal for over 30 years until its sale in 2018. The company was a pioneer in the corporate wellness industry and focused on health and well-being for employees within the workplace. We developed and managed on-site fitness centers for businesses, government agencies and residential communities in 25 states.
